

New Provider Directory

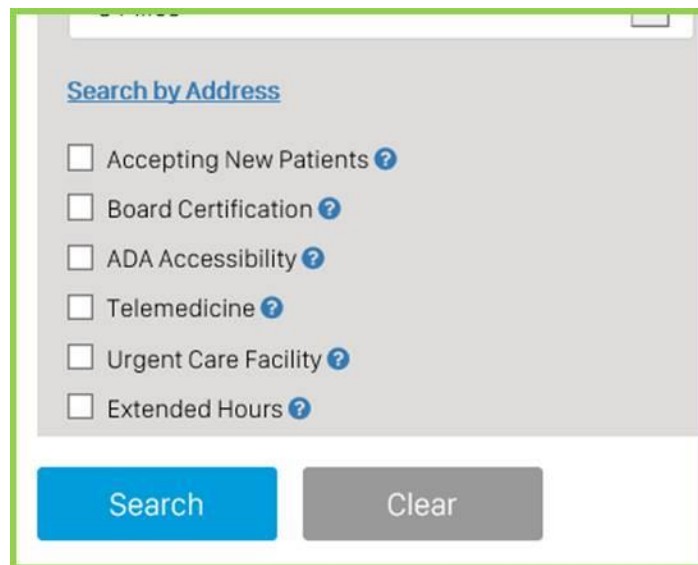

Our new and improved Provider Directory launched in July 2019. The directory is available at these web addresses:

- CHPW Apple Health provider network: <https://www.chpw.org/provider-search/>
- CHPW Medicare Advantage provider network: <https://medicare.chpw.org/find-a-doctor/>

You may use the directory without registering. If you choose to register, your search results will be customized based on whether you are a CHPW Apple Health and/or Medicare provider, your address, etc.

The new directory has a more organized look and feel with many new features:

- You can quickly search by location (zip code, city, or county) and benefit plan; and by provider type (doctor/medical professionals, facility, hospital, behavioral health, durable medical equipment, pharmacy).
- One click to search primary care providers (PCPs)
- Advanced filters accessible from the home page
- Added filters on the left side of your search results let you quickly and easily see more information about the provider.
 - A checkbox feature lets you narrow your search; here's an example:

- You can select more than one filter; for example, you can select **Accepting New Patients** and **ADA Accessibility** and **Extended Hours**
- Here's a partial example of the advanced filter options. When you're searching the directory, click once to select a filter, enter your search information, then click **Search**:

Advanced Filter Options ▲

Provider First Name

Provider Last Name ?

Clinic Name ?

Group Name ?

Gender ?
 ▼

Specialty ?

Areas Of Expertise ?

- Click the blue question mark next to the filter to learn more about using that filter.
- One click to access the clinic’s website with the ability to **View on Map**
- Click the **Additional Details** button in your search results to see extra detail about the provider.
